Construction Update

Things are moving right along at the site of the new MIHS! Following the excitement of our groundbreaking ceremony on May 31, the Miron crew and subcontractors got right to work.

The entire site has been cleared and grubbed, which means removing roots that remain in the soil after clearing, allowing for site parking and placement of the construction trailers. These trailers will serve as a headquarters for weekly meetings with school administrators, design partners, and construction personnel.

Footings and foundations are being placed, starting in Area A of the building.

The Miron concrete team will continue progress on the footings and foundations, southwards in alphabetical order, and the masonry team will follow behind them to build the load-bearing walls.

MEP subcontractors are all on-site and working on the underground rough-ins, which means they are in the initial stages of installing the basic infrastructure of the new school.

As dirt continues to move and walls start to become visible, the outline of the new MIHS is starting to emerge!

MISD VISION

Enriching the lives of
our children through
education

2023 Summer School Comes to an End

Summer school 2023 was a hit at MISD! With about 400 students participating in both the MIHS and the combined KPS and MIMS programs, students were able to continue growing their skills and knowledge while also having fun! KPS and MIMS students enjoyed expressing their creativity with traditional arts and crafts, a gaming lab, practicing their math and literacy skills and learning about Menominee language and culture.

Meanwhile, MIHS students took the initiative this summer to further their education and receive high school credits before the school year began. Great job to all the students and a HUGE thanks to all of the staff who spent their summer helping our students grow!

Back-to-School Community Event
